*Note: Includes accidental activation, burnt food, good intent, system malfunction, malicious, etc.

Other October notes: Every October, the week that includes October 9 is considered "Fire Prevention Week" (due to the Great Chicago Fire of October 8-9, 1871). This year's theme - Use Candles With Care - is very timely, considering the increasing number of fires that can be directly attributed to the misuse of burning candles, through-out the country and right here in Loma Linda. We are placing emphasis on candle safety throughout October and the Fall/Holiday season of 2005. Department personnel, along with Public Works and The San Bernardino County Sheriff's Department, provided traffic control for the Chamber of Commerce Annual Community Parade on October 9. We unfortunately lost two of our Firefighter/Paramedics (due to accepting positions with other fire agencies) during October: Gary Yarno's last day was October 14, and Aaron Salmon's last day was October 28.
